

2018 High Adventure Tech Camp at Camp Lions

Brand New for 2018

Who can Attend Tech Camp: High Adventure Technology Camp is a camp for campers ages 13 through 17 year olds that are deaf, blind or deaf and blind. This new camp is for the camper that likes to work with their hands, loves new technologies as well as enjoys hiking and camping.

When is the Camp: Tech Camp is a 6 day camp. Camp check in is Sunday, July 1st and check out will be Friday, July 6th late afternoon.

Where is the Camp located: The camp is located at 1327 Camp Cedar Point Lane, Makanda, IL., in the Shawnee National Forest in Southern Illinois.

What is there to do at Cedar Point Camp: With the special help of instructors from Rend Lake College who will teach campers onsite. Campers will be able to build and fly their own drones for **FREE!** They will not just be making a drone and flying it, they will also learn how to take care of their drone and repair their drone when needed. Every camper will be taking their drone home with them at the end of camp. Building and flying a drone is just part of the camp experience. There will be traditional Camp Lions activities like swimming and fishing along with new camp activities.

Space is limited. This camp can not be combined with an additional camp.
