

CARTER's Silent Weekend - St. Charles, IL

Pheasant Run Resort

August 18th & 19th, 2018

CARTER's Silent Weekend is a sign language immersion weekend for parents and families of deaf and hard of hearing children. Folks who attend get a chance to learn and improve their sign language skills, meet other families with a similar bond, gather resources and be given educational materials on sign language. We provide direct instruction teaching with vocabulary station workshops followed by language immersion. We promote natural learning through silent sign language activities, games and team building tasks that are carried out with voices off so that the attendees can benefit from the best way to learn, a total immersion into the language.
