

EDUCATIONAL WORKSHOP

MED⁹EL

WOOD DALE, ILLINOIS

To parents of children learning to listen, join us for a Family Workshop Series! Each night will cover a different topic that will enhance your understanding of your child's hearing loss and how to maximize treatment and therapy. Speaker Michael Douglas has over 25 years of experience teaching listening and spoken language to children with hearing loss. The Family Education Workshops Series will provide you with materials to take home, opportunities to practice new skills, and set listening/language goals, all while connecting with other parents of children with hearing loss.
